

## **Purple (Zero Point Field Energy) Plate with Heart**

**Everything is Energy...**

**Quantum Physics has revealed that everything in the Universe is energy. The energy fields of humans, plants, the earth and the rest of the Universe provide the interface that connects us all.**

### **BIO-ENERGETIC FIELDS**

**All living organisms have a special structure, The Bio energy Field. The human body has a bio-energy field which consists of subtle organisms with energetic potential that gives strength and power to the biological field.**

**Balance and the unhindered flow of energy are important to health and wellness. As organs in our body function independently and interdependently, unlocking the secrets of bio-energetic fields it will open new ways for diagnosis and treatment.**

**Applying the principals of Quantum Physics And Quantum Mechanics as in homeostasis condition, our body's Bio-energy field can automatically access the Zero-Point Life Force Energy from the environment and restore the energy deficiency bringing all aspects (mental, emotional, physical and spiritual) into harmony. Our body's own natural intelligence can channel the life force energy received to the points where it is needed most and when administered over a period of time. It aids cell rejuvenation and enhances our inner vitality. It aids immunity by cleansing, charging and rejuvenating our body cells, thus it aids age reversal, promotes health cells and expels diseases.**

## **Purple Energy Plate with Heart and the Body Fields**

The plates are made of aluminum, which is first anodized (electrolytic oxidation) and then colored. The spin of the atoms and electrons of the aluminum is changed in such a way that the plates that the plates are said to vibrate in resonance with the fundamental energy (Chi, Prana, and Orgon) of the universe. The surface of the plates has a crystal-structure. Their chemical composition is the same as that of rubies and sapphires, which also consists of aluminum oxide. We know that rubies give energy and thus were called "life-stones" in the middle ages. Their field penetrates every material with positive energy.

To energize your body's fields and alleviate pains and discomforts, wave your plate over and as close possible on the body and the problem areas. As the plate will work clock wise, anti clock wise, figure eight. Repeat as often when necessary.
